Avant, 884/MB2
madia \ sideboard

Avant è una famiglia di contenitori contraddistinti da linee rette e profili rigorosi, animati dal movimento naturale del legno. Elemento funzionale ed estetico distintivo del progetto è il bordo superiore massellato delle ante battenti e dello schienale, che sovrasta lievemente il piano, consentendo la presa e l'apertura delle ante senza l'utilizzo di maniglie. All'interno, ripiani in vetro retro-verniciato nero temperato e su richiesta cassetti centrali per la credenza, e in alto per la madia. Una proposta che combina tradizione a dettagli industriali ricercati.

Avant is a family of containers characterized by straight lines and rigorous profiles, animated by the natural movement of wood. A distinctive functional and aesthetic element of the project is the solid wooden upper edge of the hinged doors and backrest, which slightly overhangs the top, allowing the doors to be gripped and opened without the use of handles. Inside, shelves in black back-painted tempered glass and on request central drawers for the cabinet, and at the top for the sideboard. A proposal that combines tradition with refined industrial details.
