Soul, 960/P
poltrona \ armchair

Soul è una collezione di sedute e tavolini che nasce dall'intento di creare un sistema modulare agile e avvolgente. Divani, poltrone e chaise longue sono caratterizzati dall'intreccio dello schienale e dei braccioli, oltre che da pianali modulari con cuscini in appoggio. La modularità del telaio consente di strutturare tutti gli elementi in composizioni chiuse, bifacciali o angolari. La struttura è caratterizzata dal dettaglio che unisce gli elementi. Questa si sviluppa anche nel disegno dei tavolini, disponibili in varie dimensioni e top, sia quadrati che rettangolari.

Soul is a collection of seats and coffee tables, born from the intent to create an agile and enveloping modular system. Sofas, lounge armchairs, and chaise longues are characterized by the interweaving of the backrest and armrests, as well as modular platforms with cushions in support. The modularity of the frame allows you to structure all elements in double-sided or corner compositions. The structure is characterized by the detail that unites the elements. This also develops in the design of the coffee tables, available in various sized and tops, both square and rectangular.
